

Daniel Schlenk, Ph.D.
Professor of Aquatic Ecotoxicology and Environmental Toxicology
University of California Riverside

Daniel Schlenk, Ph.D. is Professor of Aquatic Ecotoxicology and Environmental Toxicology at the University of California Riverside. Dr. Schlenk received a B.S. in Toxicology from the University of Louisiana, Monroe in 1984, and a PhD in Toxicology from Oregon State University in 1989. He was supported by a National Institute of Environmental Health Science postdoctoral fellowship at Duke University from 1989-1991. He is currently the co-editor-in chief of *Aquatic Toxicology* and serves on the editorial boards of *Toxicological Sciences*, *The Asian Journal of Ecotoxicology* and *Marine Environmental Research*. He has co-edited a 2 volume series entitled “*Target Organ Toxicity in Marine and Freshwater Teleosts*” and has published more than 120 peer reviewed journal articles. He is also currently serving on the USEPA FIFRA Science Advisory Panel as a permanent member and has served on the Science Advisory Board for the USEPA on Aquatic Life Criteria and on various USEPA, NOAA, NSF and NIH grant review panels. Dr. Schlenk served on the Board of Directors for the North American Society of Environmental Toxicology and Chemistry, and has been a visiting Scholar in the Department of Biochemistry, Chinese University of Hong Kong 1995; 1998; 1999; a recipient of the Ray Lankester Investigatorship -Marine Biological Association of the United Kingdom 1998; a visiting Scholar of the Instituto Del Mare, Venice Italy 1999; and a Visiting Scientist at the CSIRO Lucas Heights Laboratory, in Sydney Australia 2003. His research interests revolve around the fate and effects of emerging and legacy chemicals in aquatic organisms.
