HAZARDOUS WASTE FACILITY PERMIT DETERMINATION FOR CHEVRON
ENVIRONMENTAL MANAGEMENT COMPANY, RICHMOND, CALIFORNIA
EPA ID NO. CAD043237486

Dear Ms. Anderson:

The Department of Toxic Substances Control (DTSC) has made a decision to issue a Hazardous Waste Facility Permit (Permit) to Chevron Environmental Management Company, located at 940 Hensley Street, Richmond, California.

The Permit is issued by DTSC in accordance with Title 22, California Code of Regulations, section 66271.14. Enclosed is a copy of the signed Permit, which becomes effective on July 24, 2010 unless a petition for review is filed pursuant to Title 22, California Codes of Regulations section 66271.18.

The public comment period for the Permit and Notice of Exemption was from February 25 to April 12, 2010. DTSC received a written comment concerning the Permit. A Response to Comments was prepared and a copy of the Response to Comments is enclosed. Please note that there is a change in Part II.8 of the final Permit as a result of the DTSC's financial review.

Pursuant to the Public Resources Code, Section 21000, and the California Environmental Quality Act, DTSC prepared a Notice of Exemption (NOE) for this project. DTSC did not receive any comments on the NOE. The NOE will be filed with the Governor's Office of Planning and Research by DTSC. A copy of the NOE is also enclosed.

The final Permit may be appealed in accordance with the Title 22, California Code of Regulations section 66271.18. The appeal information can be found in the attached Final Hazardous Waste Facility Permit Decision letter.
