Mr. Dan O'Donnell
Honeywell Corporation
101 Columbia Road
Morristown, New Jersey 07962

Dear Mr. O'Donnell:

Thank you for your participation in the July 30, 2014 conference call, hosted by the Department of Toxic Substances Control (DTSC) regarding the Summary of Violation (SOV) letter sent to you on July 3, 2014. As discussed in the conference call and as stated in the August 6, 2014 email from Mr. Donn Diebert, this letter confirms that DTSC extended the due date until September 10, 2014 for your complete response to the SOV letter.

This letter also conveys the information DTSC committed to provide to the participants of the conference call. Enclosed with this letter you will find the following: a copy of the July 3, 2014 SOV letter addressed to you, DTSC's review of the "Thermostat Recycling Corporation's 2013 Annual Report for California," and a copy of the conference call meeting notes.

DTSC intends to follow up with you individually. As part of your SOV letter response, please provide the name and appropriate contact information for the person you would prefer DTSC to coordinate with in future discussions on the thermostat collection program operated by the Thermostat Recycling Corporation on your behalf. Soon after September 10, 2014, DTSC will send a conference call/meeting request to discuss the SOV letter with you or your company representative.

If you have any questions or concerns regarding this letter or the enclosures or need additional information, please feel free to contact me at (916) 322-2817 or at Pauline.Batarseh@dtsc.ca.gov or you may also contact Mr. Diebert at (916) 322-2505 or at Donn.Diebert@dtsc.ca.gov.

Sincerely,

Pauline Batarseh, Chief
Policy Implementation Branch
Policy and Program Support Division
Hazardous Waste Management Program
