

# Public Notice

The mission of DTSC is to protect California's people and environment from harmful effects of toxic substances through the restoration of contaminated resources, enforcement, regulation and pollution prevention.

## NOTICE OF THE INFORMAL APPEALS CONFERENCE A PERMIT APPEAL FOR FILTER RECYCLING SERVICES, INC.

180 WEST MONTE AVENUE  
RIALTO, CALIFORNIA 92316

### INFORMAL APPEALS CONFERENCE:

**DECEMBER 11, 2014 AT 10:00 A.M.**  
**DTSC - SACRAMENTO REGIONAL OFFICE**  
**8800 CAL CENTER DRIVE**  
**SACRAMENTO, CALIFORNIA 95826**

Interested persons are invited to **attend and observe** an Informal Appeals Conference hosted by the Department of Toxic Substances Control (DTSC), for the Filter Recycling Services, Inc. (FRS) permit modification appeal. **Electronic recorders or photographic equipment will not be permitted.** A transcript of the Informal Appeals Conference will be prepared.

During the informal conference, **only** those persons who submitted written arguments may address the Permit Appeals Officer. This Conference is for parties to discuss the briefs they have submitted and to provide an opportunity to explain, clarify, or re-state their arguments regarding the five appeal comments or issues which have been granted review. No additional evidence or documentary material can be accepted because the decision on the appeals is based on the administrative record from the final permit decision.

The document “**Order to Set Briefing Period for Petition for Review, Docket PAT-FY14/15-001,**” can be found at [www.dtsc.ca.gov/HazardousWaste/Appeal\\_Facilities.cfm](http://www.dtsc.ca.gov/HazardousWaste/Appeal_Facilities.cfm). It contains the specific comments or issues, which granted the review. Copies may be found at the locations listed on the second page.

DTSC received one Petition for Review (appeal) regarding the final permit decision. On August 25, 2014, DTSC issued Order Number PAT-FY14/15-001 granting review for five (5) appeal comments or issues and freezing the permit until a final decision on these comments or issues is issued. On September 4, 2014, DTSC invited interested parties to submit briefing arguments regarding any of these 5 appeal comments. DTSC received briefs from FRS and DTSC. These and other documents are available at the DTSC web page: [www.dtsc.ca.gov/HazardousWaste/Appeal\\_Facilities.cfm](http://www.dtsc.ca.gov/HazardousWaste/Appeal_Facilities.cfm).

The informal conference is the next-to-the-last step in the process addressing the appeals of the final permit modification decision for FRS.
