RE: Request for Chemical Information and Analytical Test Methods for Specified Nanomaterials

Dear Ms. Gonzalez:

We are in receipt of your letter dated October 27, 2011 ("Letter") and addressed to Mr. Jim Elliot, Vice President of Memory Marketing at Samsung Semiconductor, Inc. ("SSI"). In the Letter, you stated that SSI is within the 60 day deadline for a response to the initial request for information regarding certain nanomaterials as set forth in your department's letter dated December 21, 2010.

Please note that we sent a response to Dr. Jeffrey Wong, Chief Scientist, on September 9, 2011 stating that SSI does not conduct any manufacturing, nor make, use or import any nanomaterials here in California. We are a sales and marketing subsidiary only. Because of this, we do not have information here at SSI that would be responsive to your request for information. Attached is a copy of the letter to Dr. Wong.

If you have any questions, please feel free to contact me at 408-544-4882 or via e-mail at kwon.james@ssi.samsung.com.

Thank you for your time.

Sincerely,

James S. Kwon, Esq.
Senior Corporate Counsel
Samsung Semiconductor, Inc.

RE: Request for Chemical Information and Analytical Test Methods for Specified Nanomaterials

Dear Dr. Wong:

We are in receipt of your letter dated December 10, 2010 ("Letter") and addressed to Mr. Jim Elliot, Vice President of Memory Marketing at Samsung Semiconductor, Inc. ("SSI"). In the Letter, you requested information regarding the production, use or import by SSI of certain "Nanomaterials" with the purposes of understanding their use in our commercial business.

SSI is the sales and marketing arm of Samsung Electronics Co., Ltd. headquartered in Seoul, Korea. As such, we do not manufacture any products here in California and do not obtain or use nanomaterials. Our workforce is primarily comprised of sales, marketing and administrative employees with some technical engineers to help support our customers.

Due to the limited nature of our business, we do not have any relevant information that would be responsive to your request as set forth in the Letter.

If you have any questions, please feel free to contact me at 408-544-4882 or via e-mail at kwon.james@ssi.samsung.com.

Thank you for your time.

Sincerely,

A handwritten signature in black ink, appearing to read "James Kwon", with a long horizontal flourish extending to the right.

James S. Kwon, Esq.
Senior Corporate Counsel
Samsung Semiconductor, Inc.
