

Michael Gill
ORD Hazardous Substances Technical Liaison
U.S. Environmental Protection Agency Region 9 San Francisco

Michael Gill

Michael Gill received his B.S. in electrical engineering from Northeastern University in Boston and his M.S. in electrical engineering from Rensselaer Polytechnic Institute in Troy, New York. He practiced electrical engineering in the 1980's until he made a career change to the environmental field in 1992.

He is currently the U.S. Environmental Protection Agency (U.S. EPA) Office of Research and Development (ORD) Technical Liaison to U.S. EPA's San Francisco office. This position is one of technical support and information brokering. In this position since 1998, he provides hazardous waste technical support to Superfund/RCRA staff and he also participates in research planning, environmental technology demonstrations, and workshop planning. He has been with EPA since 1992, when he took a position as a Remedial Project Manager in the Superfund program.
