Jeffrey Wong, Ph.D.
Chief Scientist
Department of Toxic Substances Control
P.O. Box 806
1001 I Street
Sacramento, California 95812

Dear Dr. Wong:

This letter is in response to the Department of Toxic Substances Control's January 22, 2009 call-in letter to the Lawrence Berkeley National Laboratory (LBNL) for chemical information regarding carbon nanotubes [CNTs] by January 20, 2010 (California Health and Safety Code §57018-57020).

LBNL is a federal facility owned by the Department of Energy (DOE) and managed by the University of California (UC). We are writing to inform you that as part of a UC-wide effort, LBNL is participating with the UC Office of the President (UCOP) and several UC campuses to provide a joint response to your questions.

If you should have any questions, please contact Larry McLouth of my staff at (510) 486-5286.

Sincerely,

Howard K. Hatayama
Director, Environment, Health and Safety Division
Lawrence Berkeley National Laboratory
