

**Diana Rudé**  
**Director of Government Relations**  
**International Association of Nanotechnology (IANano)**

Diana Rudé

Diana Rudé currently serves as Director of Public Relations and Outreach for the Sacramento-based International Association of Nanotechnology. In addition, she operates Bina Consulting, a consulting business specializing in economic and community development and legislative policy advocacy and research.

From April 1985 to January 2005, Diana worked with the California Legislature with her most recent position as Principal Assistant to the former Assembly Majority Leader Marco Antonio Firebaugh.

While serving the Legislature, Ms. Rudé's work focused on areas of economic and business development, international trade, new and emerging technology, workforce training, education, public procurement and regulatory reform. Diana developed several successful legislative measures in telecommunications and information technology, workforce training, higher education and economic and business development.

Ms. Rudé's prior work experience includes 15 years in public administration arenas in both New York State and California. Ms. Rudé holds an Associates Degree in Liberal Studies from Jamestown Community College, Jamestown, New York and a Bachelor's Degree in Communications Studies from California State University, Sacramento, California.
