

CALIFORNIA ENVIRONMENTAL PROTECTION AGENCY
Department of Toxic Substances Control

JEFFREY WONG, Ph.D.
CHIEF SCIENTIST
CALIFORNIA DEPARTMENT OF TOXIC SUBSTANCES CONTROL

Jeffrey Wong, Ph.D., is the Chief Scientist for the California Department of Toxic Substances Control (DTSC) at the California Environmental Protection Agency in Sacramento, California. For more than 20 years, he has managed DTSC's efforts in the areas of environmental measurements, biological and exposure monitoring, toxicology and risk assessment, pollution prevention approaches and technologies. Prior to this, Dr. Wong was involved in forensic investigations for the Department of Justice and pesticide toxicity evaluation for the Department of Food and Agriculture. Dr. Wong has served on panels for the National Academy of Sciences, the US Environmental Protection Agency and US Department of Energy. He also served by appointment of President Clinton in areas related to the management and disposal of nuclear materials. Dr. Wong did his graduate work at UC, Davis, and is currently leading efforts focused on nanotechnologies, and other emerging contaminants, and green chemistry.
