NOTICE OF PERMIT DECISION

The California Environmental Protection Agency, Department of Toxic Substances Control (DTSC) hereby provides this Notice of Decision to issue a Hazardous Waste Post Closure Facility Permit (Permit) to the following facility:

Acme Fill Corporation
950 Waterbird Way
Martinez, California 94553
USEPA ID No.CAD 041835695

This Permit action constitutes a final decision under the California Code of Regulations, section 66271.14. The final Permit decision shall become effective on June 26, 2015 unless the Permit decision is appealed pursuant to the California Code of Regulations, title 22, section 66271.18.

A public comment period for the draft Permit was open from August 6, through September 22, 2014. DTSC made this announcement in Community Notices mailed on August 1, 2014, and newspaper publications, radio advertisements and DTSC website postings on August 6, 2014. In response to a public request, DTSC mailed a second Community Notice that announced a public hearing on November 5, 2014 and extended the comment deadline from September 22, to November 21, 2014. More than 30 people attended the public hearing held in Martinez. DTSC received 6 public comment submittals during the public comment period.

Pursuant to the California Code of Regulations, section 66271.18, any person who filed comments on the draft Permit may petition DTSC to review any condition of the Permit decision. Persons who did not file comments on the draft Permit may petition for administrative review only on the changes that were made from the draft to the final Permit decision. Petitions must include a statement of the reasons supporting the requested review, including a demonstration that any issues being raised were raised during the public comment period, or address a change from the draft to final Permit

decision. Petitions should also, as appropriate, show that the condition in question is based on: (1) a finding of fact or conclusion of law which is clearly erroneous; or (2) an exercise of discretion or an important policy consideration which DTSC should, in its discretion, review. Petitions must be postmarked by no later than June 26, 2015. Submit petitions to:

A petition can also be filed electronically by June 26, 2015 at appeals@dtsc.ca.gov
