CONSENT ORDER

Health and Safety Code
Section 25187

INTRODUCTION

The State Department of Toxic Substances Control (Department) and Cactus Recycling, Inc. (Respondent) enter into this Consent Order (Order) and agree as follows:

1. Respondent is an industrial/commercial recycler for Southern California, and an SB-20 Program E-Waste Collector. The company recycles solid non-hazardous industrial/commercial materials (metal, plastic, paper, electronics, and glass).
2. On April 28, 2010, the Department conducted an electronic waste program inspection at the Respondent's site.
3. Based on this inspection, the Department alleges the following violations:
 - 3.1 Respondent violated California Code of Regulations, title 22, section 66273.33.5(a)(1)(B)(1) in that, on or about April 28, 2010, Respondent failed to contain electronic waste including CRTs, electronic devices, batteries, and printed circuit boards properly and in a manner that would prevent breakage or

release of components to the environment. This is a repeat violation from the 2009 inspection.

3.2 Respondent violated California Code of Regulations, title 22, sections 66273.36(a), (b)(1), and (b)(4) in that, on or about April 28, 2010, Respondent failed to ensure that all personnel who manage electronic waste are thoroughly familiar with proper electronic waste management procedures. Respondent also failed to include in the training materials the types of hazards associated with electronic waste that personnel may manage at Respondent's site. This is a repeat violation from the 2009 inspection.

3.3 Respondent violated California Code of Regulations, title 22, section 66273.5(c)(1)(B)(2) in that, on or about April 28, 2010, Respondent failed to immediately clean up and place in a structurally sound container any CRT glass that is released from a broken CRT or that is spilled.

4. A dispute exists regarding the alleged violations.
5. The parties wish to avoid the expense of litigation and to ensure prompt compliance.
6. Jurisdiction exists pursuant to Health and Safety Code section 25187.
7. Respondent waives any right to a hearing in this matter.
8. This Order shall constitute full settlement of the violations alleged above, but does not limit the Department from taking appropriate enforcement action concerning other violations.
9. Respondent does admit the violations alleged above.

SCHEDULE FOR COMPLIANCE

10. Respondent shall comply with the following:

10.1 Respondent shall manage all electronic waste according to State regulations, including proper containerization/storage, labeling/signage and/or designating an accumulation area, comprehensive training of personnel, submittal of complete annual reports each year by the designated deadline, and immediate cleanup and proper containment of releases of any hazardous waste constituents (i.e. broken leaded CRT glass) prior to offsite shipment for recycling. On August 25, 2010, Respondent submitted documentation with photographs as evidence that the violations cited have been corrected, and is now in compliance.

10.2. Submittals: All submittals from Respondent pursuant to this Consent Order shall be sent to:

Jose Alfredo Rios, Supervising Hazardous Substances Scientist I
San Diego Field Office
Enforcement and Emergency Response Program
Department of Toxic Substances Control
9174 Sky Park Court, Suite 150
San Diego, California 92123

10.3. Communications: All approvals and decisions of the Department made regarding such submittals and notifications shall be communicated to Respondent in writing by a Branch Chief, Department of Toxic Substances Control, or his/her designee. No informal advice, guidance, suggestions, or comments by the Department regarding reports, plans, specifications, schedules, or any other writings by Respondent shall be construed to relieve Respondent of its obligation to obtain such formal approvals as may be required.

10.4. Department Review and Approval: If the Department determines that any report, plan, schedule, or other document submitted for approval pursuant to this Consent Order fails to comply with the Order or fails to protect public health or safety or the environment, the Department may return the document to Respondent with recommended changes and a date by which Respondent must submit to the Department a revised document incorporating the recommended changes.

10.5. Compliance with Applicable Laws: Respondent shall carry out this Order in compliance with all local, State, and federal requirements, including but not limited to requirements to obtain permits and to assure worker safety.

10.6. Endangerment during Implementation: In the event that the Department determines that any circumstances or activity (whether or not pursued in compliance with this Consent Order) are creating an imminent or substantial endangerment to the health or welfare of people on the site or in the surrounding area or to the environment, the Department may order Respondent to stop further implementation for such period of time as needed to abate the endangerment. Any deadline in this Consent Order directly affected by a Stop Work Order under this section shall be extended for the term of such Stop Work Order.

10.7. Liability: Nothing in this Consent Order shall constitute or be construed as a satisfaction or release from liability for any conditions or claims arising as a result of past, current, or future operations of Respondent, except as provided in this Consent Order. Notwithstanding compliance with the terms of this Consent Order, Respondent may be required to take further actions as are necessary to protect public health or welfare or the environment.

10.8. Site Access: Access to the Site shall be provided at all reasonable times to employees, contractors, and consultants of the Department, and any agency having jurisdiction. Nothing in this Consent Order is intended to limit in any way the right of entry or inspection that any agency may otherwise have by operation of any law. The Department and its authorized representatives may enter and move freely about all property at the Site at all reasonable times for purposes including but not limited to: inspecting records, operating logs, and contracts relating to the Site; reviewing the progress of Respondent in carrying out the terms of this Consent Order; and conducting such tests as the Department may deem necessary. Respondent shall permit such persons to inspect and copy all records, documents, and other writings, including all sampling and monitoring data, in any way pertaining to work undertaken pursuant to this Consent Order.

10.9. Sampling, Data, and Document Availability: Respondent shall permit the Department and its authorized representatives to inspect and copy all sampling, testing, monitoring, and other data generated by Respondent or on Respondent's behalf in any way pertaining to work undertaken pursuant to this Consent Order. Respondent shall allow the Department and its authorized representatives to take duplicates of any samples collected by Respondent pursuant to this Consent Order. Respondent shall maintain a central depository of the data, reports, and other documents prepared pursuant to this Consent Order. Respondent shall preserve all such data, reports, and other documents for a minimum of six years after the conclusion of all activities under this Consent Order. If the Department requests that some or all of these documents be preserved for a longer period of time, Respondent shall either comply with that request, deliver the documents to

the Department, or permit the Department to copy the documents prior to destruction. Respondent shall notify the Department in writing at least six months prior to destroying any documents prepared pursuant to this Consent Order.

10.10. Government Liabilities: The State of California shall not be liable for injuries or damages to persons or property resulting from acts or omissions by Respondent or related parties specified in paragraph 12.3, in carrying out activities pursuant to this Consent Order, nor shall the State of California be held as a party to any contract entered into by Respondent or its agents in carrying out activities pursuant to this Consent Order.

10.11. Incorporation of Plans and Reports: All plans, schedules, and reports that require Department approval and are submitted by Respondent pursuant to this Consent Order are incorporated in this Consent Order upon approval by the Department.

10.12. Extension Requests: If Respondent is unable to perform any activity or submit any document within the time required under this Consent Order, the Respondent may, prior to expiration of the time, request an extension of time in writing. The extension request shall include a justification for the delay.

10.13. Extension Approvals: If the Department determines that good cause exists for an extension, it will grant the request and specify in writing a new compliance schedule.

PAYMENTS:

11. Within 60 days of the effective date of this Order, Respondent shall pay the Department a total penalty of 2,000.00 dollars, to be paid in two installments as follows: The first installment of 1,000.00 dollars is due within 30 days from the effective date of this

Order. The second installment of 1,000.00 dollars is due within 60 days from the effective date of this Order.

11.1. Respondent's checks shall be made payable to the Department of Toxic Substances Control, and shall identify the Respondent and Docket Number (HWCA 2010-2488) on the check. Respondent shall transmit the penalty payments to:

Department of Toxic Substances Control
Accounting Office
1001 I Street, 21st floor
P. O. Box 806
Sacramento, California 95812-0806

A photocopy of each check shall be sent to:

Jose Alfredo Rios, Supervising Hazardous Substances Scientist I
San Diego Field Office
Enforcement and Emergency Response Program
Department of Toxic Substances Control
9174 Sky Park Court, Suite 150
San Diego, California 92123

If Respondent fails to make payment as provided above, Respondent agrees to pay interest at the rate established pursuant to Health and Safety Code section 25360.1 and to pay all costs incurred by the Department in pursuing collection, including attorney's fees.

OTHER PROVISIONS

12.1. Additional Enforcement Actions: By agreeing to this Consent Order, the Department does not waive the right to take further enforcement actions, except to the extent provided in this Consent Order.

12.2. Penalties for Noncompliance: Failure to comply with the terms of this Consent Order may subject Respondent to civil penalties and/or punitive damages for any

costs incurred by the Department or other government agencies as a result of such failure, as provided by Health and Safety Code section 25188 and other applicable provisions of law.

12.3. Parties Bound: This Consent Order shall apply to and be binding upon Respondent and its officers, directors, agents, receivers, trustees, employees, contractors, consultants, successors, and assignees, including but not limited to individuals, partners, and subsidiary and parent corporations, and upon the Department and any successor agency that may have responsibility for and jurisdiction over the subject matter of this Consent Order.

12.4. Effective Date: The effective date of this Consent Order is the date it is signed by the Department.

12.5. Integration: This agreement constitutes the entire agreement between the parties and may not be amended, supplemented, or modified, except as provided in this agreement.
