

# Public Notice

The mission of DTSC is to protect California's people and environment from harmful effects of toxic substances by restoring contaminated resources, enforcing hazardous waste laws, reducing hazardous waste generation, and encouraging the manufacture of chemically safer products.

## Proposed Hazardous Waste Facility Permit Renewal for Clean Harbors, Redwood City Public Comment Period: February 12 – April 1, 2016

The California Department of Toxic Substances Control (DTSC) invites you to review and comment on the draft Standardized Hazardous Waste Facility Permit Series B (Standardized Permit) for Clean Harbors San Jose, LLC, 1021 Berryessa Road, San Jose, CA 95133 (Clean Harbors) for their facility at the Port of Redwood City, 695 Seaport Boulevard, Redwood City, California 94063. This facility is a hazardous waste transfer facility. A variety of hazardous wastes, mainly spent solvents, are transferred to and from railcars and trucks. **Hazardous wastes are not treated at this site.**

Romic Environmental Technologies Corporation (Romic) operated this rail terminal beginning in 1991. It was a transfer station for blended waste from Romic's Facility in East Palo Alto. The first standardized permit was issued to Romic in 2002. Ownership of the facility changed in 2007 from Romic to Clean Harbors. Currently the fuel waste is blended at Clean Harbors San Jose hazardous waste facility.

DTSC's Office of Permitting – Sacramento (address below) is processing the permit application. The Permit renewal, if approved, will allow Clean Harbors to continue to use the facility at 695 Seaport Boulevard, Redwood City as a transfer facility for hazardous waste. DTSC encourages you to become involved in the permit decision process. A public comment period is being held to receive public comments on the Draft Permit. A public hearing is not scheduled but will be considered if requested. The public comment period gives you the opportunity to submit comments to DTSC. All public comments must be postmarked or emailed by **April 1, 2016**, and sent to:

**Yujie Jin, Project Manager, DTSC Office of Permitting, 8800 Cal Center Drive, Sacramento, CA 95826,  
(916) 255-3661 or [Yujie.Jin@dtsc.ca.gov](mailto:Yujie.Jin@dtsc.ca.gov)**

After the public comment period DTSC will consider all comments before a final permit decision. A response to comments document will be available to commenters and other members of the public. DTSC will notify the applicant of the final Permit decision as well as each person who submitted comments or requested notice. This notice will include procedures for appealing the Permit decision.

The draft Standardized Permit, Statement of Basis, and other documents are available for public review locally at:  
**Redwood City Library, 1044 Middlefield Road, Redwood City, CA 94063, (650) 780-7018 (call for hours).**
