To Whom It May Concern:

### **NOTICE OF FINAL HAZARDOUS WASTE FACILITY PERMIT DECISION – DAVID H. FELL AND CO., INC.**

In accordance with the requirements of California Code of Regulations, title 22, section 66271.14, the Department of Toxic Substances Control (DTSC) is issuing this Notice of Final Hazardous Waste Facility Permit Decision (Notice) for the following facility:

David H. Fell & Co., Inc. (DHF)  
6009 Bandini Boulevard  
Bell, California 90040  
EPA ID Number: CAL 000 110 141

DHF operates a hazardous waste transfer, storage and treatment facility to reclaim silver and other precious metals from offsite generated hazardous waste.

DTSC prepared a draft Standardized Hazardous Waste Facility Permit (Draft Permit) for this project. An Initial Study and draft Negative Declaration were also prepared to comply with the California Environmental Quality Act (CEQA). DTSC published a public notice in the Daily News and La Opinion newspapers on November 3, 2008. These notices announced the start of a 45-day public comment period to solicit comments on the Draft Permit and the draft Negative Declaration. The public comment period ended on December 17, 2008.

No Public Comments were received during the public comment period. Therefore, the Final Standardized Hazardous Waste Facility Permit, Series B, becomes effective immediately on February 18, 2009 pursuant to California Code of Regulations, title 22, section 66271.14(b)(3).
