**Edmund G. Brown Jr.**  
Governor

February 12, 2013

Mr. Jon L. Bennett, President  
Filter Recycling Services, Inc.  
180 West Monte Avenue  
Rialto, California 92316

**TECHNICAL COMPLETENESS DETERMINATION FOR REVISED PERMIT  
APPLICATION TO MODIFY STANDARDIZED PERMIT, FILTER RECYCLING  
SERVICES, INC., 180 WEST MONTE AVENUE, RIALTO, CALIFORNIA,  
EPA ID No.: CAD 982444481**

Dear Mr. Bennett:

The California Department of Toxic Substances Control (DTSC) has received the latest revision of your Permit Application, dated May 25, 2010, for the Filter Recycling Services, Inc. facility located at 180 West Monte Avenue in Rialto. You submitted the revised Permit Application to support your request to modify your Standardized Permit as a Class 2 permit modification in accordance with California Code of Regulations, Title 22, Section 66270.42(b).

DTSC determined that the original permit modification request did not comply with appropriate legal requirements and DTSC changed the terms of the Class 2 permit modification. Additionally, because the complex nature of the changes, DTSC determined that the permit modification should follow the procedures for a Class 3 permit modification. A Class 3 permit modification procedure requires an additional public comment period to solicit comments on the draft modified permit prior to making the final decision on FRS's permit modification request.

Pursuant to the California Code of Regulations, Title 22, Section 66271.2, DTSC has reviewed the application and found it to be technically complete. A Draft Modified Permit and proposed Negative Declaration have been prepared based on this revised application.

Mr. Jon L. Bennett
