HAZARDOUS WASTE FACILITY
PERMIT MODIFICATION**

**GENERAL ATOMICS
3550 General Atomics Court
San Diego, CA 92121
December, 2004**

On November 4, 2004, General Atomics notified the California Department of Toxic Substances Control (DTSC) of its intent to modify its hazardous waste facility permit (Permit) pursuant to California Health and Safety Code, Ch. 6.5; Regulations, Sections 66270.42-66270.43.

The permit modification changes the emergency coordinators list in Section X.1.7 of the General Atomics Permit. This update is in support of permitted activities conducted at General Atomics facility at 3550 General Atomics Court, San Diego, CA 92121. More information about emergency procedures can be obtained by contacting Paul Englert at General Atomics, (858) 455-2466.

DTSC has determined that this is a Class 1 modification pursuant to Title 22 CCR § 66270.42. Class 1 modifications are minor changes and may be implemented without formal public comment.
