

**NOTICE OF PUBLIC COMMENT PERIOD
DRAFT HAZARDOUS WASTE FACILITY PERMIT
Kinsbursky Brothers Supply, Inc
Anaheim, California**

PUBLIC COMMENT PERIOD: March 28, 2011 through May 11, 2011

The Department of Toxic Substances Control (DTSC) invites you to comment on the renewal of a draft Hazardous Waste Facility Permit for the Kinsbursky Brothers Supply, Inc. facility (Facility) located at 1314 North Anaheim Boulevard. If approved, the draft Permit would allow the Facility to continue to transfer, store, and treat hazardous wastes for another 10 years.

DTSC regulates the generation, storage, treatment, and disposal of hazardous waste in California. A Permit enables DTSC to effectively regulate the hazardous waste management activities at facilities. Permits are developed after DTSC's detailed technical review, and are intended to ensure that the facility operates in a manner that protects human health and the environment.

CALIFORNIA ENVIRONMENTAL QUALITY ACT – As part of the permit process, DTSC evaluated any possible environmental impacts associated with the proposed operations of this facility, as required by the California Environmental Quality Act. DTSC has proposed a Negative Declaration, which concludes that the renewal of this facility's permit will not result in significant harm to human health and the environment.

The public comment period is from **March 28, 2011 through May 11, 2011**. Written comments must be **postmarked or received by May 11, 2011**. Send comments to:
