APPROVAL OF CLASS 1 MODIFICATION OF THE HAZARDOUS WASTE HANDLING FACILITY PERMIT FOR LAWRENCE BERKELEY NATIONAL LABORATORY, ONE CYCLOTRON ROAD, BERKELEY, CALIFORNIA, EPA ID No. CA 4890008986

Dear Mr. Krupnick:

On May 26, 2009 you notified DTSC of LBNL's intent to modify its Hazardous Waste Handling Facility Permit. This modification included changes to the permit updated emergency coordinator names, phone numbers, and updates the Berkeley Lab organizational chart, informed us of an electronic internet-based hazardous waste requisition and added EPA waste codes to certain waste streams as part of an annual update of these waste streams.

DTSC received one copy of the Part A and Part B Permit Applications (affected pages only) reflecting the changes. We also received these proposed changes in normal text.

DTSC hereby approves these changes. Enclosed is the revised and marked up copy of the permit. Please submit two hard copies and one electronic copy on a compact disc of the Operation Plan by September 15, 2009. If you have any questions, please contact me at (510) 540-3932.

Sincerely,
