Dear Mr. Hill and Mr. Miller:

The Department of Toxic Substances Control (DTSC) has reviewed the "Draft Closure Plan for the Building 233 Container Storage Unit - Rev. 4" (Closure Plan) dated September 28, 2007. The Closure Plan includes responses to comments from DTSC as outlined in Notice of Deficiency (NOD) # 2 dated May 21, 2007. The Closure Plan adequately addresses the deficiencies noted in NOD # 2 and DTSC has determined that it is technically complete.

In accordance with California Code of Regulations, title 22, subsection 66265.112, DTSC will be public noticing the Closure Plan. The planned public comment period is from October 26, 2007 to December 10, 2007. DTSC will issue its final decision after the close of the public comment period.
