To Whom It May Concern:

NOTICE OF FINAL STANDARDIZED HAZARDOUS WASTE FACILITY PERMIT DECISION

In accordance with the requirements of California Code of Regulations (CCR), title 22, section 66271.14, the Department of Toxic Substances Control (DTSC) is issuing this Notice of Final Standardized Hazardous Waste Facility Permit Decision (Notice) for the treatment and storage of hazardous wastes at the following facility:

Lighting Resources, LLC
805 East Francis Street
Ontario, California 91761
San Bernardino County
EPA ID # CAR 000 156 125

The Lighting Resources, LLC facility (LRL) stores and treats lighting waste, a hazardous waste in California due to metal contents.

DTSC prepared a draft Standardized Hazardous Waste Facility Permit (Draft Permit) and a draft Negative Declaration for this project to comply with the California Environmental Quality Act (CEQA). DTSC held a 60-day public comment period from December 8, 2006 to February 6, 2007 for the Draft Permit and draft Negative Declaration. On December 8, 2006, DTSC published a public notice in English in the San Bernardino Sun and a public notice in Spanish in the El Chicano Newspaper. Two 60-second radio announcements were also made on January 2, 2007. KDIF AM 1440 broadcast a Spanish announcement and KSPA AM 1510 broadcast an English announcement. DTSC also mailed out both the English and Spanish fact sheet to 71 people on the facility mailing list. DTSC held a public hearing on January 8, 2007 at the Ontario Public Library. No public members attended the hearing.

DTSC received no public comments. However, internal DTSC analysis prompted two changes to the Draft Permit. Both of these changes are administrative in nature, non-substantive and were made only for informational reasons and/or for clarification. The changes are described in the attached memorandum dated March 22, 2007 (Memo) and have been incorporated into the Final Standardized Hazardous Waste Facility Permit (Final Permit). The Memo has been made a part of the administrative record for

Final Notice of Permit Decision
