HAZARDOUS WASTE FACILITY PERMIT DETERMINATION FOR NAVAL AIR
STATION NORTH ISLAND, CORONADO/SAN DIEGO (EPA ID NO. CA717 009 0016)

Dear Ms. Graulau:

The Department of Toxic Substances Control (DTSC), after review of the comments received during the public comment period, has made a decision to issue a Hazardous Waste Facility Permit to Naval Air Station North Island.

The permit is issued by DTSC in accordance with Title 22, California Code of Regulations section 66271.14. Enclosed is a copy of the signed permit, which becomes effective on **July 25, 2010** unless a petition for review is filed pursuant to Title 22, California Codes of Regulations, section 66271.18.

The public comment period for the proposed Hazardous Waste Facility Permit (Permit) and Notice of Exemption was from February 16 to April 5, 2010. DTSC received written comment from 31 public members concerning the proposed Permit. A response to comments was prepared and a copy of the Response to Comments is enclosed. Please note that the final Permit was revised as a result of the comments received.

Pursuant to the Public Resources Code, Section 21000, and the California Environmental Quality Act, DTSC prepared a Notice of Exemption (NOE) for this project. DTSC did not receive any comments on the NOE. The NOE will be filed with the Governor's Office of Planning and Research by DTSC. A copy of the NOE is also enclosed.

The final Permit may be appealed in accordance with the Title 22, California Code of Regulations, section 66271.18. The appeal information can be found in the attached Final Hazardous Waste Facility Permit Decision letter.

If you have any questions regarding this final permit decision, please contact Ms. Chia-Rin Yen at (818) 717-6681.

Sincerely,
