NOTICE OF FINAL PERMIT DECISION

The California Environmental Protection Agency, Department of Toxic Substances Control (DTSC) hereby provides this Notice of Final Permit Decision to issue a Hazardous Waste Facility Permit (Permit) to the following hazardous waste management facility:

Pacific Resource Recovery Services (PRRS)
3150 East Pico Boulevard
Los Angeles, California 90023.
US EPA ID No.: CAD 008252404

DTSC has also issued a Negative Declaration Document for this permit renewal to comply with the California Environmental Quality Act (CEQA).

Please note that DTSC made several changes in the cover page, table of contents, and Parts II, III, IV, V, and VI of the Permit after the draft permit was released for public review in December 2011. Those changes are explained in the enclosed Records of Decision.

This permit action constitutes a final permit decision under title 22, California Code of Regulations (CCR), section 66271.14. The final permit decision shall become effective on June 27, 2012 and expires on June 26, 2022, unless the permit decision is appealed pursuant to 22, CCR, Section 66271.18.

Pursuant to 22, CCR, section 66271.18, any person who filed comments on the draft permit may petition DTSC to review any condition of the permit decision. Persons who did not file comments on the draft permit may petition for administrative review only on the changes that were made from the draft to the final permit decision. Petitions must include a statement of the reasons supporting the requested review, including a demonstration that any issues being raised were raised during the public comment period, or address a change from the draft to final permit decision. Petitions should also, as appropriate, show that the condition in question is based on:

- (1) a finding of fact or conclusion of law which is clearly erroneous; or
- (2) an exercise of discretion or an important policy consideration which DTSC should, in its discretion, review. Petitions must be postmarked by no later than June 27, 2012, and sent to:
