

**NOTICE OF PUBLIC COMMENT PERIOD**  
**Draft Standardized Hazardous Waste Facility Permit Renewal**  
**San Diego Gas & Electric - Kearny PCB Storage Facility**  
**San Diego, California**

**March 20, 2012 - May 3, 2012**

**WHAT IS BEING PROPOSED?** The Department of Toxic Substances Control (DTSC) invites you to review and comment on a draft Standardized Hazardous Waste Facility Permit Renewal (Permit) for San Diego Gas & Electric, Kearny Polychlorinated Biphenyl (PCB) Storage Facility (SDG&E) located at 5488 Overland Avenue, San Diego. The facility is located in a developed area zoned for industrial land use. The Permit would allow SDG&E to operate the existing hazardous waste storage facility for another 10 years.

DTSC regulates the generation, storage, treatment and disposal of hazardous waste in California. A Permit enables DTSC to effectively regulate the hazardous waste management activities at facilities. Permits are developed after DTSC's detailed technical review, and are intended to ensure that SDG&E operates in a manner that protects human health and the environment.

**CALIFORNIA ENVIRONMENTAL QUALITY ACT – NOTICE OF EXEMPTION:** DTSC evaluated any possible environmental impacts associated with the proposed operations of this facility, as required by the California Environmental Quality Act (CEQA). DTSC has prepared a Notice of Exemption (NOE) which states that the hazardous waste facility would not have significant impacts to human health and the environment.

DTSC encourages you to review and provide comments on the draft Permit during the 45-day public comment period, **March 20, 2012 through May 3, 2012**. All written comments must be postmarked or emailed by May 3, 2012 and sent to: Michael Zamudio, DTSC Project Manager, 8800 Cal Center Drive, Sacramento, California 95826, [MZamudio@dtsc.ca.gov](mailto:MZamudio@dtsc.ca.gov). At this time, a Public Hearing is not scheduled but may be held upon request.
