To Whom It May Concern:

NOTICE OF FINAL HAZARDOUS WASTE FACILITY PERMIT DECISION

In accordance with the requirements of California Code of Regulations (CCR), title 22, section 66271.14, the Department of Toxic Substances Control (DTSC) is issuing this Notice of Final Hazardous Waste Facility Permit Decision (Notice) for the following facility:

Safety-Kleen Systems, Inc.
Los Angeles Branch
2918 Worthen Avenue, California, 90039
Los Angeles County
EPA ID No. CAT000613935

On January 20, 2009, DTSC published public notices in Los Angeles Times (English) and La Opinion Spanish (Spanish), regarding Safety-Kleen permit renewal. DTSC also had a public announcement on KFWB (English) and KTNQ (Spanish) radio on January 20, 2009. DTSC held a 45-day public comment period from January 20, 2009 through March 9, 2009 for the Draft Hazardous Waste Storage Permit (Draft Permit). DTSC did not hold a public meeting or a public hearing to receive comments on the Draft Permit, since public hearing was never requested. No written comments regarding the Draft Permit was ever received by DTSC. As a result, the Final Hazardous Waste Storage Facility Permit becomes effective on March 17, 2009.

In its role as a Responsible Agency under the provisions of the California Environmental Quality Act (CEQA), DTSC has determined that the environmental documents prepared for Safety-Kleen facility adequately addressed potential impacts associated with the renewal of the Hazardous Waste Storage and Treatment Facility Permit. DTSC will file a CEQA Notice of Exemption (NOE) with the State of California, Office of Planning and Research, State Clearinghouse upon the effective date of the renewed permit.

A copy of the complete administrative record for this permit decision is available for review at:
