To Whom It May Concern:

### NOTICE OF FINAL HAZARDOUS WASTE FACILITY PERMIT DECISION

In accordance with the requirements of California Code of Regulations (CCR), title 22, section 66271.14, the Department of Toxic Substances Control (DTSC) is issuing this Notice of Final Hazardous Waste Facility Permit Decision (Notice) for the following facility:

Safety-Kleen Systems, Inc, Reedley Recycle Center (Safety-Kleen)  
1000 South I Street  
Reedley, California, 93654  
Fresno County  
EPA ID No: CAD093459485

On July 23, 2007, DTSC published a public notice in The Fresno Bee, regarding Safety-Kleen permit renewal. DTSC held a 45-day public comment period from July 23, 2007, to September 6, 2007 for the Draft Hazardous Waste Facility Permit (Draft Permit). DTSC did not hold a public meeting or a public hearing to receive comments on the Draft Permit. No comments were received from any member of public or any regulatory agencies during the public notice period. Therefore, DTSC will now approve the project.

In its role as a Responsible Agency under the provisions of the California Environmental Quality Act (CEQA), DTSC has determined that the environmental documents prepared for the Safety-Kleen facility adequately addressed potential impacts associated with the renewal of the Hazardous Waste Facility Permit. As a result, DTSC filed a CEQA Notice of Negative Declaration with the State of California, Office of Planning and Research, State Clearinghouse (OPR) on October 12, 2007 and the regulatory agency review time started on October 15, 2007 and ended on November 15, 2007. The State Clearinghouse Number is 2007101065. During the comment period, DTSC received comments from Department of Water Resources and Native American Heritage Commission. DTSC reviewed the comments from both agencies and determined that the Draft Permit is not affected by their comments. Please see Attachment 1 for all the correspondence. Therefore, on November 19, 2007, DTSC files a final CEQA Notice of Negative Declaration and a CEQA Notice of Completion with OPR.

DTSC also filed a Notice of Preparation of Environmental Document with Fresno County Office of the County Clerk to provide notification that DTSC is undertaking the

Notice of Final Decision

preparation of a negative declaration for Safety-Kleen. The project was posted on October 22, 2007 in the Office of the Fresno County Clerk for a period of 20 days. No comments were received.

Copies of the Final Permit, CEQA Notice of Negative Declaration, CEQA Notice of Completion, CEQA Initial Study and the complete administrative record for this permit decision are available for review at:

Department of Toxic Substances Control  
8800 Cal Center Drive  
Sacramento, California 95826  
(Please come to the reception desk and ask to view a public notice in the file room.)

These documents are also available at DTSC website: <http://www.dtsc.ca.gov>

If you have any questions, please contact Mr. Farshad Vakili, P.E. of my staff at (916) 255-3612 or [fvakili@dtsc.ca.gov](mailto:fvakili@dtsc.ca.gov).
