3. The Department alleges the following violation:
  - 3.1. Respondent violated Health and Safety Code, section 25201(a), and California Code of Regulations, title 22, section 66263.18, in that on or about May 28, 2015, Respondent stored hazardous waste at the Site without authorization from the Department. 6. Jurisdiction exists pursuant to Health and Safety Code section 25187.

7. Respondent waives any right to a hearing in this matter.

8. This Consent Order shall constitute full settlement of the violation alleged above, but does not limit the Department from taking appropriate enforcement action concerning other violations.

9. Respondent admits the violation alleged above.

#### SCHEDULE FOR COMPLIANCE

10. Respondent shall comply with the following:

10.1. The Department has determined that the violation alleged above has been corrected.

10.4. Department Review and Approval: If the Department determines that any report, plan, schedule, or other document submitted for approval pursuant to this Consent Order fails to comply with the Order or fails to protect public health or safety or the environment, the Department may return the document to Respondent with recommended changes and a date by which Respondent must submit to the Department a revised document incorporating the recommended changes.

10.5. Compliance with Applicable Laws: Respondent shall carry out this Order in compliance with all local, State, and federal requirements, including but not limited to requirements to obtain permits and to assure worker safety.

10.6. arising as a result of past, current, or future operations of Respondent, except as provided in this Consent Order. Notwithstanding compliance with the terms of this Consent Order, Respondent may be required to take further actions as are necessary to protect public health or welfare or the environment.

10.8. Site Access: Access to the Site shall be provided at all reasonable times to employees, contractors, and consultants of the Department, and any agency having jurisdiction. The Department and its authorized representatives may enter and move freely about all property at the Site at all reasonable times for purposes including but not limited to: inspecting records, operating logs, and contracts relating to the Site; reviewing the progress of Respondent in carrying out the terms of this Consent Order; and conducting such tests as the Department may deem necessary. Respondent shall permit such persons to inspect and copy all records, documents, and other writings, including all sampling and monitoring data, in any way pertaining to work undertaken pursuant to this Consent Order.

Respondent shall allow the Department and its authorized representatives to take duplicates of any samples collected by Respondent pursuant to this Consent Order. Respondent shall maintain a central depository of the data, reports, and other documents prepared pursuant to this Consent Order.

All such data, reports, and other documents shall be preserved by Respondent for a minimum of six years after the conclusion of all activities under this Consent Order. If the Department requests that some or all of these documents be preserved for a longer period of time, Respondent shall either comply with that request, deliver the documents to the Department, or permit the Department to copy the documents prior to destruction. Respondent shall notify the Department in writing at least six months prior to destroying any documents prepared pursuant to this Consent Order.

10.12. The extension request shall include a justification for the delay.
