

# Public Notice

The mission of DTSC is to protect California's people and environment from harmful effects of toxic substances through the restoration of contaminated resources, enforcement, regulation and pollution prevention.

## DRAFT CORRECTIVE MEASURES PROPOSAL FOR THE FORMER TRIDENT PLATING FACILITY

PUBLIC COMMENT PERIOD: APRIL 30, 2013 TO MAY 31, 2013

**WHAT'S BEING PROPOSED?** The Department of Toxic Substances Control (DTSC) invites you to comment on a draft Corrective Measures Proposal to address contaminated soil at the former Trident Plating Facility (Site), located at 2161 Saybrook Avenue in Commerce, California 90040. The triangle-shape 0.4-acre site is in a mixed-use commercial and industrial area. The draft Corrective Measures Proposal for the soil proposes that a land use covenant (LUC) be placed on the site due to volatile organic compounds (VOCs) and metals contamination beneath the Site to limit future land use to commercial/industrial use. The impacted soil is located primarily below the warehouse. DTSC regulates the generation, storage, treatment and disposal of hazardous waste in California.

**CALIFORNIA ENVIRONMENTAL QUALITY ACT:** A Notice of Exemption (NOE) has been prepared in accordance with the California Environmental Quality Act (CEQA). DTSC intends to file this document with the Governor's Office of Planning and Research, State Clearinghouse at the time the Final Corrective Measures Proposal is approved. The NOE is DTSC's finding that that the proposed cleanup would have no impact on the environment or community and the project is exempt from CEQA.

**HOW DO I PARTICIPATE?** The draft Corrective Measures Proposal, NOE, and other related documents can be found at the following information repositories:

Commerce Public Library  
5655 Jillson Street  
Commerce, California 90040  
(323) 722-6660; Call for hours

DTSC- Cypress Regional Office  
5796 Corporate Avenue  
Cypress, California 90630  
(714) 484-5337; Call for an appointment
