

NOTICE OF PUBLIC COMMENT PERIOD
GROUNDWATER INTERIM REMEDIAL MEASURES WORKPLAN
UNIVAR USA, INC. FACILITY
Commerce, California

PUBLIC COMMENT PERIOD: March 14, 2011 through April 13, 2011

WHAT IS BEING PROPOSED?

The Department of Toxic Substances Control (DTSC) invites public comment on the draft Groundwater Interim Measures Workplan for the former Univar USA Inc. facility located at 5353 Jillson Street in the city of Commerce. The plan, which addresses cleanup of groundwater contaminated with volatile organic compounds, is available for public review and comment.

PROPOSED INTERIM CLEANUP

The groundwater interim measures workplan addresses activities designed to control the groundwater plume at the site and minimize the off-site migration of contaminated groundwater. The proposed activities are necessary to protect groundwater resources and to facilitate groundwater cleanup.

CALIFORNIA ENVIRONMENTAL QUALITY ACT (CEQA)

The California Environmental Quality Act (CEQA) requires government agencies to review all the proposed projects to determine if they will have a harmful effect on public health or the environment. DTSC prepared a draft Initial Study following CEQA guidelines and determined that proposed interim measures will not have an adverse environmental impact. Therefore, a Mitigated Negative Declaration is proposed.

HOW DO I PARTICIPATE?

DTSC encourages you to review and provide comments on the proposed draft Interim Remedial Measures Workplan during the 30-day public comment period starting on **March 14, 2011** and ending **April 13, 2011**. DTSC will consider all comments before finalizing its decision.

All public comments must be postmarked or received **by April 13, 2011**. All comments **must be sent to** the following:

John Bystra
DTSC Project Manager
8800 Cal Center Drive
Sacramento, California 95826
jbystra@dtsc.ca.gov

A public meeting has not been scheduled during the public comment period.
