SOLUTIONS L.L.C., 1704 WEST FIRST STREET, AZUSA, CALIFORNIA 91702-3203
EPA ID NUMBER CAD 008 302 903

The Department of Toxic Substances Control (DTSC) has reviewed and approved the following Class 1 permit modification to the Hazardous Waste Facility Permit (Permit) for Veolia ES Technical Solutions, L.L.C. (Veolia) to address an administrative change of the names of the facility, owner, and operator from "Onyx Environmental Services, L.L.C.," to "Veolia ES Technical Solutions, L.L.C."

Veolia's letter, dated June 26, 2006 to the DTSC served as notification of Veolia's request to modify the Permit. DTSC concurs that these updates and changes qualify as a Class 1 permit modification.

In accordance with the California Code of Regulations, title 22, section 66270.42, Veolia must send a public notice of the proposed modification to all persons on the facility's mailing list and the relevant appropriate entities of state and local government. The notification was published in the San Gabriel Valley Tribune newspaper on November 16, 2007.

A copy of the Permit modification is available for your review in the DTSC file room at 1011 N. Grandview Avenue, Glendale, California. Specific questions or concerns may be directed to Allan Plaza at (818) 551-2922.
