

## NOTICE OF PUBLIC COMMENT PERIOD

### **Draft Standardized Hazardous Waste Facility Permit Xstrata Recycling Inc. 1695 Monterey Highway San Jose, California**

**Public Comment Period: October 21 to December 5, 2011**

The California Department of Toxic Substances Control (DTSC) invites public comments on the Draft Standardized Hazardous Waste Facility Permit, Series A, for Xstrata Recycling Inc., a metal recycling business. Xstrata Recycling Inc. is located at 1695 Monterey Highway, in San Jose, California. If approved, this permit will authorize the facility to continue operating hazardous waste storage and treatment facility in San Jose. In addition to the Draft Permit, DTSC proposes to issue a Negative Declaration and the Initial Study under the California Environmental Quality Act (CEQA), both of which are available for review.

#### **Why a Permit is Necessary**

DTSC regulates the generation, storage, treatment and disposal of hazardous waste in California. Permits assist DTSC in regulating the hazardous waste management activities at facilities. Permits are developed after DTSC's detailed technical review and are intended to ensure that the facility operates in a manner that protects human health and the environment.

#### **Public Comment Period**

The 45-day public comment period for the Draft Permit and Negative Declaration begins on October 21, 2011 and ends on December 5, 2011. Copies of the Draft Permit, CEQA Initial Study, and supporting documents can be viewed at the information repository listed below. All comments must be in writing. Written comments that are sent by mail must be postmarked by December 5, 2011, and sent to:
