APPEAL OF PERMIT DECISION, LAWRENCE LIVERMORE NATIONAL
LABORATORY, LIVERMORE, ALAMEDA COUNTY, CALIFORNIA, ENVIRONMENTAL
PROTECTION AGENCY ID. NO. CA2890012584

Dear Mr. Yundt:

The Department of Toxic Substances Control (DTSC) received your petition requesting review of the permit decision concerning the above-named facility on April 21, 2016. DTSC is reviewing the petition. When the review is completed, DTSC will notify you whether the petition has been granted or denied and describe the next step in the appeal process. Information about DTSC's permit appeal process is available on DTSC's website at: <http://www.dtsc.ca.gov/HazardousWaste/AppealingPermit.cfm>.

As DTSC's Permit Appeals Officer, I must remain neutral in this process. Therefore, I must refrain from discussing the substance of the permit decision and the appeal with all parties or their representatives. You may, however, continue to communicate with staff in the Hazardous Waste Management Program, Permitting Division, who issued the permit. If you have any further appeals procedural questions, please contact Mr. Paul Ruffin, permit appeals project manager, at (916) 255-6677 or email us at appeals@dtsc.ca.gov.

Sincerely,
