**RESPONSE TO LETTER CONCERNING THE HAZARDOUS WASTE FACILITY  
PERMIT DECISION FOR CLEANTECH ENVIRONMENTAL, INC., 5820 MARTIN  
ROAD, IRWINDALE, CALIFORNIA, EPA ID. NO. CAL000330453**

Dear Reverend Little and Rabbi Klein:

The Department of Toxic Substances Control (DTSC) received your letter, dated September 25, 2014, concerning the final hazardous waste facility permit decision issued on February 2, 2015, for the CleanTech Environmental, Inc. facility located in Irwindale, California. The letter was submitted via email to [appeals@dtsc.ca.gov](mailto:appeals@dtsc.ca.gov) on March 3, 2015, which was prior to the deadline established for submitting a petition for review of the permit decision. Although the letter raised a number of issues, this response concerns only DTSC's permit appeal process pursuant to California Code of Regulations, title 22, section 66271.18.

California Code of Regulations, title 22, section 66271.18, subdivision (a), provides that any person who filed comments, or participated in the public hearing, on a draft permit decision, during the public comment period for the draft permit decision, may petition the Department to review any condition of the final permit decision to the extent that the issues raised in the petition for review were also raised during the public comment period for the draft permit decision, including the public hearing. In addition, any person who did not file comments or participate in the public hearing on the draft permit may petition the Department for review of the final permit decision, but only with respect to those changes in the final permit decision from the draft permit decision.

California Code of Regulations, title 22, section 66271.18, subdivision (a), also provides, in pertinent part, that:

The petition shall include a statement of the reasons supporting that review, including a demonstration that any issues being raised were raised during the public comment period (including any public hearing) to the extent required by these regulations and when appropriate, a showing that the condition in question is based on:

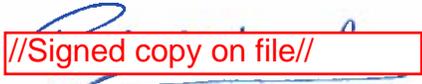

- (1) a finding of fact or conclusion of law which is clearly erroneous, or
- (2) an exercise of discretion or an important policy consideration which the Department should, in its discretion, review.

Your letter does not request a review of a permit condition, nor does it identify a change from the draft to the final permit, therefore the letter fails to meet the burden set forth in California Code of Regulations, title 22, section 66271.18 that a review of the permit should be granted. The Order Denying Review, Docket PAT-FY14/15-08 is enclosed.

To the extent that your letter raises issues that relate to the Environmental Impact Report prepared pursuant to the California Environmental Quality Act (CEQA), CEQA provides a separate judicial appeal process to resolve disputes concerning compliance with CEQA.

If you have any questions concerning this letter, please contact me at (916) 322-2817 or via [Pauline.Batarseh@dtsc.ca.gov](mailto:Pauline.Batarseh@dtsc.ca.gov) or contact Mr. Paul Ruffin at (916) 255-6677 or via [Paul.Ruffin@dtsc.ca.gov](mailto:Paul.Ruffin@dtsc.ca.gov).

Sincerely,
