

Toxicity Criteria Rulemaking Package
Index to the Responses to Comments

Commenter	Comment Number	Response Heading	Response Page Number
Committee to Bridge the Gap	CBG-01	Best Available Science (BAS)-General	20
Committee to Bridge the Gap	CBG-02	Appendix I and Specific COPC Appendix I Values	20
Committee to Bridge the Gap	CBG-03	BAS-General	13
Committee to Bridge the Gap	CBG-04	Appendix I and Specific COPC Appendix I Values	20
Committee to Bridge the Gap	CBG-05	Appendix I and Specific COPC Appendix I Values	20
Committee to Bridge the Gap	CBG-06	Appendix I and Specific COPC Appendix I Values	20
Committee to Bridge the Gap	CBG-07	Pre-Rule Making Verses Proposed Regulation Versions	30
Committee to Bridge the Gap	CBG-08	Appendix I and Specific COPC Appendix I Values	20
Committee to Bridge the Gap	CBG-09	Appendix I and Specific COPC Appendix I Values	20
California Council for Environmental and Economic Balance	CCEEB-01	Flexibility in Selecting Toxicity Criteria and Setting Site Specific Remediation Goals	30
California Council for Environmental and Economic Balance	CCEEB-02	Define "Screening Levels, Action Levels, and Remediation Goals	51
California Council for Environmental and Economic Balance	CCEEB-03	Define "Peer-Reviewed"	52
California Council for Environmental and Economic Balance	CCEEB-04	Define "Peer-Reviewed"	13, 52
California Council for Environmental and Economic Balance	CCEEB-05	Variance Language Request	36
California Council for Environmental and Economic Balance	CCEEB-06	BAS-General	13
California Council for Environmental and Economic Balance	CCEEB-07	Basis for Toxicity Criteria	22
California Council for Environmental and Economic Balance	CCEEB-08	Add "Evidence-Based" to the Rule	55
California Council for Environmental and Economic Balance	CCEEB-09	Screening Levels Vs. Remediation Goals	33
California Council for Environmental and Economic Balance	CCEEB-10	Reference Additional Health and safety Code Chapters	53
California Council for Environmental and Economic Balance	CCEEB-11	Flexibility in Selecting Toxicity Criteria and Setting Site Specific Remediation Goals	30
California Manufacturers and Technology Association	CMTA-01	Flexibility in Selecting Toxicity Criteria and Setting Site Specific Remediation Goals	30
California Manufacturers and Technology Association	CMTA-02	Staff Resources	50
California Manufacturers and Technology Association	CMTA-03	Flexibility in Selecting Toxicity Criteria and Setting Site Specific Remediation Goals	30
California Manufacturers and Technology Association	CMTA-04	Staff Resources	50
California Manufacturers and Technology Association	CMTA-05	Flexibility in Selecting Toxicity Criteria and Setting Site Specific Remediation Goals	30

Toxicity Criteria Rulemaking Package
Index to the Responses to Comments

California Manufacturers and Technology Association	CMTA-06	Rule Not Needed	40
California Manufacturers and Technology Association	CMTA-07	Changing Present Practice - OEHHA Values Not Required	29
California Manufacturers and Technology Association	CMTA-08	Changing Existing Practice	28
California Manufacturers and Technology Association	CMTA-09	Changing Existing Practice	28
California Manufacturers and Technology Association	CMTA-10	Changing Existing Practice	28
California Manufacturers and Technology Association	CMTA-11	Consistency With Federal/State Laws and Guidance	41
California Manufacturers and Technology Association	CMTA-12	Basis for Toxicity Criteria	22
California Manufacturers and Technology Association	CMTA-13	Applicable or Relevant and Appropriate Requirements Determination	44
California Manufacturers and Technology Association	CMTA-14	Flexibility in Selecting Toxicity Criteria and Setting Site Specific Remediation Goals	30
California Manufacturers and Technology Association	CMTA-15	Consistency With Federal/State Laws and Guidance	41
California Manufacturers and Technology Association	CMTA-16	Basis for Toxicity Criteria	22
California Manufacturers and Technology Association	CMTA-17	Basis for Toxicity Criteria	22
California Manufacturers and Technology Association	CMTA-18	DTSC Tetrachloroethylene Published Paper	26
California Manufacturers and Technology Association	CMTA-19	Screening Numbers	32, 41
California Manufacturers and Technology Association	CMTA-20	Consistency With Federal/State Laws and Guidance	41
California Manufacturers and Technology Association	CMTA-21	Background Levels	33
California Manufacturers and Technology Association	CMTA-22	Changing Existing Practice	28, 45
California Manufacturers and Technology Association	CMTA-23	Staff Resources	37, 50
California Manufacturers and Technology Association	CMTA-24	Inconsistencies with other State Agencies	43
California Manufacturers and Technology Association	CMTA-25	Economic Impact	28, 49
California Manufacturers and Technology Association	CMTA-26	Economic Impact	40, 49
California Manufacturers and Technology Association	CMTA-27	Five Year Reviews and Changes to Existing Decisions	36
California Manufacturers and Technology Association	CMTA-28	California Environmental Quality Act Considerations	28, 45
California Manufacturers and Technology Association	CMTA-29	California Environmental Quality Act Considerations	45, 56
California Manufacturers and Technology Association	CMTA-30	California Environmental Quality Act Considerations	28, 30, 45
Center for Public Environmental Oversight	CPEO-01	Specify Rule's Purpose	53
Center for Public Environmental Oversight	CPEO-02	General Support for the Rule	13

Toxicity Criteria Rulemaking Package
Index to the Responses to Comments

Center for Public Environmental Oversight	CPEO-03	General Support for the Rule	13
Del Amo Action Committee	DAAC-01	General Support for the Rule	13
Del Amo Action Committee	DAAC-02	Total Petroleum Hydrocarbons	27
Del Amo Action Committee	DAAC-03	Risk Assessment (Co-Exposure)	34
Del Amo Action Committee	DAAC-04	Assessing Multiple Contaminants	35
Del Amo Action Committee	DAAC-05	Applicable or Relevant and Appropriate Requirements Determination	44
U.S. Department of the Navy (Department of Defense)	DOD-01	Best Available Science (BAS)-General	13, 22
U.S. Department of the Navy (Department of Defense)	DOD-02	Best Available Science (BAS)-General	13
U.S. Department of the Navy (Department of Defense)	DOD-03	Define "Screening Levels, Action Levels, and	51
U.S. Department of the Navy (Department of Defense)	DOD-04	Consistency With Federal/State Laws and Guidance	41
U.S. Department of the Navy (Department of Defense)	DOD-05	Updating the Rule	37
U.S. Department of the Navy (Department of Defense)	DOD-06	Updating the Rule	37
U.S. Department of the Navy (Department of Defense)	DOD-07	Best Available Science (BAS)-General	13, 22
U.S. Department of the Navy (Department of Defense)	DOD-08	Consistency With Federal/State Laws and Guidance	41
U.S. Department of the Navy (Department of Defense)	DOD-09	Updating the Rule	37
U.S. Department of the Navy (Department of Defense)	DOD-10	Insufficient Review Time	49
U.S. Department of the Navy (Department of Defense)	DOD-11	Consistency With Federal/State Laws and Guidance	41
U.S. Department of the Navy (Department of Defense)	DOD-12	Staff Resources	50
U.S. Department of the Navy (Department of Defense)	DOD-13	Updating the Rule	37
U.S. Department of the Navy (Department of Defense)	DOD-14	Lack of Clarity in Selecting Toxicity Criteria	57
U.S. Department of the Navy (Department of Defense)	DOD-15	Rule Not Needed	40, 41
U.S. Department of the Navy (Department of Defense)	DOD-16	Basis for Toxicity Criteria	22, 37
U.S. Department of the Navy (Department of Defense)	DOD-17	Updating the Rule	37
U.S. Department of the Navy (Department of Defense)	DOD-18	Rule Not Needed	40
U.S. Department of the Navy (Department of Defense)	DOD-19	Best Available Science (BAS)-General	13
Dr. Hellmann-Blumberg, Ph.D.	HB-01	Definition for "Total Petroleum Hydrocarbons"	53
Dr. Hellmann-Blumberg, Ph.D.	HB-02	Total Petroleum Hydrocarbons	27
Dr. Hellmann-Blumberg, Ph.D.	HB-03	Total Petroleum Hydrocarbons	27
Integral Consultants	INTG-01	Updating the Rule	37
Integral Consultants	INTG-02	Appendix I and Specific COPC Appendix I Values	20
Integral Consultants	INTG-03	Best Available Science (BAS)-General	13
Integral Consultants	INTG-04	Flexibility in Selecting Toxicity Criteria and Setting Site Specific Remediation Goals	30
Integral Consultants	INTG-05	Toxicity Criteria Approval - §69021(c)	39
Integral Consultants	INTG-06	Application at Non-DTSC Lead Sites	45
Integral Consultants	INTG-07	Basis for Toxicity Criteria	22
Integral Consultants	INTG-08	Five Year Reviews and Changes to Existing Decisions	36
Integral Consultants	INTG-09	ISOR and Rule Differ	55
Integral Consultants	INTG-10	ISOR and Rule Differ	36, 55
Latham & Watkins, LLP	L&W-01	Updating the Rule	37
Latham & Watkins, LLP	L&W-02	Toxicity Criteria Approval - §69021(c)	39
Latham & Watkins, LLP	L&W-03	Toxicity Criteria Approval - §69021(c)	39
Latham & Watkins, LLP	L&W-04	Five Year Reviews and Changes to Existing Decisions	36
Latham & Watkins, LLP	L&W-05	Five Year Reviews and Changes to Existing Decisions	36
League of California Cities	LCC-01	Flexibility in Selecting Toxicity Criteria and Setting Site Specific Remediation Goals	30
League of California Cities	LCC-02	Flexibility in Selecting Toxicity Criteria and Setting Site Specific Remediation Goals	30

Toxicity Criteria Rulemaking Package
