DTSC to Reveal Results of Lead in Children's Jewelry Tests

WHAT: Officials will brief the media on a recent investigation of lead in children's jewelry per a new state law – the California Lead-Containing Jewelry Law.

WHEN: **Wednesday, December 12 (TOMORROW)**

11:00 AM (PDT)

Conference Call

Call in number: 210-234-0031

Participant passcode: "Jewelry"

1:00 PM (PDT)

In-person availability

Simultaneous media availabilities will be held at 1 p.m. in DTSC Environmental Chemistry Labs in Berkeley and Los Angeles. Media will be able to get visuals of lead-tainted jewelry items and DTSC scientists testing the children's jewelry in the labs, as well as have an opportunity to talk with DTSC investigators.
