

SAFER CONSUMER PRODUCTS

SAFER Consumer Products Program Organization and Implementation

Green Ribbon Science Panel Orientation Training

Meredith Williams

August 1, 2016

Department of Toxic Substances Control

Cal/EPA

For today

- Program teams
- Current program activities

Safer Consumer Products Organization

1
Candidate
Chemical List

- Authoritative list review & online maintenance
- Candidate Chemical petitions
- CC List regulations support

2
Priority
Products

3
Alternatives
Analysis

4
Regulatory
Response

Safer Consumer Products Information Management System

Welcome to the Safer Consumer Products (SCP) Information Management System (CalSAFER). You can use CalSAFER to submit and view a variety of documents including: comments on proposed regulations, work plans and guidance, petitions and their supporting documents, Priority Product notifications, and alternatives assessments. All information (except confidential business information) submitted through CalSAFER will be posted, available, and searchable to all users.

If you become a registered user (required for some activities), you will be able to quickly find and continue your activities when you log back in. To become a registered CalSAFER user, [click here](#).

As always, we want to hear your suggestion and questions. Click on the help link located above. If you would like to learn more about the Safer Consumer Products Program, please visit our informational [web page](#).
