

# Work Notice

The mission of DTSC is to protect California's people and environment from harmful effects of toxic substances by restoring contaminated resources, enforcing hazardous waste laws, reducing hazardous waste generation, and encouraging the manufacture of chemically safer products.

## CERRATO PROPERTY

510 HILLCREST ROAD

HOLLISTER, CALIFORNIA

**WORK BEGINNING: SEPTEMBER 19, 2016**

The Department of Toxic Substances Control (DTSC) is distributing this notice to inform the community about upcoming work at the Cerrato Property (Site), located at 510 Hillcrest Road in Hollister, California 95023. This work will consist of excavating and relocating soil contaminated with arsenic, lead, dieldrin, total petroleum hydrocarbons, and polycyclic aromatic hydrocarbons beneath planned private streets (approximately 3,000 cubic yards) on the Site. No soil will be taken off-site.

Work will occur **September 19 through October 3, 2016, Monday - Friday between 7:30 A.M and 4:30 P.M.** The field work will take about **3 months to complete**. The following work activities will take place:

- Staging of heavy equipment, vehicle parking, and trucks entering and leaving the Site;
- Earth moving activities, including soil removal and handling, and clean fill placement and grading;
- Workers wearing safety gear operating equipment and managing work;
- Dust suppression and air monitoring activities, including the periodic spraying of water.

**INFORMATION REPOSITORIES:** This work will be done according to the DTSC Removal Action Workplan dated 11/13/2015. This document and other project-related documents are available at:
