

Public Notice

The mission of DTSC is to protect California's people and environment from harmful effects of toxic substances through the restoration of contaminated resources, enforcement, regulation and pollution prevention.

You may Review and Comment on the Grove Subdivision Draft Removal Action Workplan

Public Comment period: August 19 to September 19, 2016

The Department of Toxic Substances Control (DTSC) invites public comment on a draft cleanup plan, or Removal Action Workplan (draft RAW), to cleanup pesticides, lead and arsenic at the Grove Subdivision Site, 3342 Humphrey Road, Loomis, California 95650. The property is about ten acres and is currently vacant.

You can learn more about the proposed cleanup and provide comments to DTSC regarding the draft RAW during a 30 day public comment period that starts on August 12, 2016 and ends on September 19, 2016. You may submit your comments to Cindy Chain-Britton, Project Manager, DTSC, 8800 Cal Center Drive, Sacramento, California 95826, or by e-mail to Cindy.Chain-Britton@dtsc.ca.gov. You must send your comments no later than September 19, 2016.

Under the California Environmental Quality Act (CEQA), DTSC has prepared an Addendum to the Town of Loomis's 2006 Final Mitigated Negative Declaration (Addendum) for this project. The Addendum states that the proposed cleanup will not have a significant negative effect on human health and the environment because of the short duration. DTSC has made the CEQA documents and the draft RAW available for public review at:

Loomis Public Library
6050 Library Drive
Loomis CA 95650
(916) 652-7061

Administrative record and File Room, DTSC
