WORK NOTICE

GROUNDWATER PILOT STUDY FIELD ACTIVITIES

Los Angeles Academy Middle School 644 East 56th Street, Los Angeles, California

The Department of Toxic Substances Control (DTSC) will oversee a groundwater pilot study activities scheduled to be performed at Los Angeles Academy Middle School in Los Angeles, California. The pilot study activities are being performed in accordance with the October 21, 2013 Pilot Study Workplan that was approved by the DTSC on November 13, 2013

Field activities associated with the site assessment are anticipated to take place in December 2013 through July 2014. Work will be performed on the Los Angeles Academy Middle School property as follows:

Work Area	Days of Week	Work Hours
Outside fencing area north of school property along 56 th Street	12/20/2013 through 1/12/2014	7 am to 6 pm
Outside fencing area north of school property along 56 th Street	2/9/2014, 4/12/2014, and 7/12/2014	7 am to 6 pm

The following work activities will be performed during this investigation:

- Installation of groundwater injection and monitoring wells;
- Chemical Injections to clean up groundwater; and
- Collection of groundwater samples and analyses by laboratories.

A copy of the DTSC-approved work plan for the aforementioned work is available for public review at the locations below. During field activities, there will be minimal disruption to teachers, students, and local residents.
