

Project Meetings Regarding SSFL

DTSC is posting meetings we have with Boeing, NASA, DOE, other public agencies, and other interested parties to keep the public informed as we continue to investigate and prepare for cleanup actions at SSFL.

August 2007

August 2 – telecon between DTSC technical staff and Boeing’s consultants to discuss outstanding items necessary for DTSC to complete the technical review of the Group 6 RFI Report (tentative)

August 16 - SSFL Workgroup Meeting at Simi Valley Cultural Arts Center

August 16 - meeting with DOE and prospective EIS contractors to tour Area IV of the SSFL.

August 16 – SSFL Site walk by DTSC technical staff to visit areas of concern raised by Community representatives.
