Dear Mr. Lenox:

This letter is a follow-up to our recent discussions in which we requested Boeing provide to the Department of Toxic Substances Control (DTSC) electronic copies of documents with hard copy submittals. All document submittals from Boeing should be sent to us with an electronic copy. Please submit immediately electronic copies of the Annual and Quarterly Groundwater Monitoring reports for 2005 prepared by Haley and Aldrich, the Standardized Risk Assessment Methodology Work Plan Rev 2 (September 2005), work plans and reports for the Chatsworth Formation Operable Unit groundwater investigations and Resource Conservation and Recovery Act Facility Investigations reports. DTSC is also requesting you provide the electronic topographic base for SSFL (georeferenced). Please also include the ".shp" files for the Solid Waste Management Unit borders.
