

Public Notice

The mission of DTSC is to protect California's people and environment from harmful effects of toxic substances by restoring contaminated resources, enforcing hazardous waste laws, reducing hazardous waste generation, and encouraging the manufacture of chemically safer products.

NOTICE OF PUBLIC COMMENT PERIOD Specialized Processing, Inc., El Cajon, CA Proposed Interim Measure Workplan PUBLIC COMMENT PERIOD: June 9, 2016 – July 11, 2016

WHAT IS BEING PROPOSED – Public Comment has begun for the draft Interim Measures (IM) Workplan to clean up contaminated soil at the former Specialized Processing, Incorporated, facility (Site) at 581 South Marshall Avenue, El Cajon, California. The draft IM addresses soil-vapor that may impact neighboring apartments and houses east of the facility on Millar Avenue. The draft IM Workplan describes in detail the environmental investigation, findings, and proposed interim remedy for contaminated soil. It was developed to alleviate potential health and safety risks to workers on Site and residents nearby until the final cleanup plan for the Site is developed.

DTSC is a department within the California Environmental Protection Agency. DTSC is responsible for overseeing environmental investigations and cleanups at sites like the Specialized Processing, Inc. Site.

CALIFORNIA ENVIRONMENTAL QUALITY ACT – NOTICE OF EXEMPTION – CEQA is a State law that requires a project's lead agency to consider and disclose potential adverse environmental impacts of its proposed actions before approving them. DTSC prepared a Notice of Exemption (NOE) for this project. The NOE states the proposed interim cleanup activities (digging, excavating, cap installation, and monitoring) will not have a significant negative effect on human health and the environment.
