UNIVAR, JILLSON STREET, ENVIRONMENTAL PROTECTION AGENCY  
ID CAD020745246, INTERIM MEASURES SOIL VAPOR EXTRACTION TREATMENT  
SYSTEM APPROVAL

Dear Mr. Sylvester:

The Department of Toxic Substances Control (DTSC), through the review and approval of the Soil Vapor Extraction/Treatment System Startup Interim Soil Remediation (Revision 2) report (Startup Report), dated April 7, 2006 and the As-built Report and Operation and Maintenance Plan Interim Soil Remediation (Revision 1), dated May 22, 2006, has determined that the interim measures Soil Vapor Extraction Treatment System (SVETS) is acceptable and hereby approved for full implementation. DTSC completed an environmental analysis to determine California Environmental Quality Act (CEQA) compliance and determined that a Notice of Exemption (NOE) is applicable for this project as no significant environmental effect will occur as a result of approval and implementation of the SVETS. If you have any questions regarding this approval, please contact me at (916) 255-3578.

Sincerely,

Original Signed by Lorraine Larsen-Hallock
