

**Department of Toxic Substances Control  
Project Status Update  
For  
Wyle Laboratories Norco Facility Site  
August 30, 2004**

**SITE INVESTIGATION/CLEANUP DOCUMENTS**

- DTSC has reviewed and is preparing comments on the technical memorandum workplan for the in-door air sampling near Wyle's northwestern border (along Golden West Lane) and soil gas sampling near Wyle's western border (high school and along Hillside Avenue).
- DTSC received the draft access agreements for the in-door air sampling, and soil gas sampling near Wyle's western border (Norco High School and along Hillside Avenue).
- DTSC is preparing an access agreement to sample a private ground water well at the corner of Hillside Avenue and 3<sup>rd</sup> Street.

**INVESTIGATION/CLEANUP FIELD WORK**

- DTSC project team is planning to continue Wyle inspection on September 2<sup>nd</sup> to evaluate sampling locations proposed in the draft remedial investigation workplan. DTSC staff will modify sampling locations and/or request additional location/analysis as necessary.

**PUBLIC PARTICIPATION:**

- No change from last weeks update.
