

Public Notice

The mission of DTSC is to protect California's people and the environment from harmful effects of toxic substances through the restoration of contaminated resources, enforcement, regulation and pollution prevention.

California School for the Deaf – Riverside Proposed Cleanup Plan, Riverside, California PUBLIC COMMENT PERIOD: October 9, 2014 to November 8, 2014

WHAT IS BEING PROPOSED

The Department of Toxic Substances Control (DTSC) requests the public to review a proposed plan to clean up contaminated soil at the California School for the Deaf - Riverside site (Site). The Site is located at 3044 Horace Street, in Riverside, California. This cleanup plan, called a draft Removal Action Workplan (RAW), describes the environmental investigations, results, and the recommended option to clean up contaminated soil at the Gymnasium and Kitchen areas.

CALIFORNIA ENVIRONMENTAL QUALITY ACT (CEQA)

DTSC evaluated possible environmental impacts associated with the proposed cleanup of this Site, as required by the California Environmental Quality Act (CEQA). The proposed cleanup project is within the scope of and is adequately addressed in the Initial Study/Mitigated Negative Declaration (IS/MND) approved earlier. Based on the IS/MND, DTSC does not expect the proposed cleanup to have significant negative impacts on the environment and change the findings of the IS/MND. As a Responsible Agency, DTSC plans to file a Notice of Determination with the State Clearinghouse upon project approval.

HOW TO PARTICIPATE

We encourage your participation. Comments on the draft RAW and associated CEQA documents may be submitted in writing to Christine Chiu, DTSC Project Manager. All emailed or written comments must be received or postmarked no later than **November 8, 2014**. All comments will be carefully reviewed before making a final decision on the draft RAW. Notification of the final decision and a copy of DTSC's response to comments will be provided to those who submit comments and their contact information.
